### Noise Variance Conditions:

1. Notify all adjacent residential use properties 72 hours in advance of starting project.
2. No pure tone backup-warning devices after 10:00 PM and before 7:00 AM weekdays, or 9:00 AM weekends, the contractor may use a broadband alarm or back observer (not a flagger, see WAC 296-155-610(2) (e) (ii)) in lieu of pure tone backup warning devices.
3. Use radios for long range communication between crews.
4. Point speakers away from residential properties.
5. Please have a responsible member of your staff keep a copy of this variance in his/her possession during the above noted project and be willing to display it to any member of the Seattle Police Department or the Department of Construction and Inspections (SDCI) to recognize that a legal variance exists.

Permission is given to do the above work at the site address shown, according to the conditions hereon and according to the specification pertaining thereto, subject to compliance with the Ordinances of the City of Seattle. Correct information is the responsibility of the applicant. Permits with incorrect information may be subject to additional fees.

**THIS PERMIT MUST BE CONSPICUOUSLY POSTED AT THE WORK SITE**
